2025 Trees of Milledgeville

Trees on Village property that need to be trimmed or taken down.

In May of 2025, a resident asked what the village could do about the partially dead tree (on village property) near their house.
I said I would talk to Jeff and see if he has a list of trees for this year and if that tree was on the list.

After speaking with Jeff and checking his list. We arranged a day to drive around town and look at trees that needed trimmed or to come down.

The following pages show the complete list of trees that were trimmed, cut down and stumps removed this year. (pages 2-19)

We also have a partial list started for 2026. (pages 21-25)

Thank You,
Scott Howard
Village President

17 W Old Mill St.

In TIF Stump $40 Tree $825

To be taken down

This is a not a bad tree, it is just right next to a culvert.

Between the culvert and the road is a water main.

As it grows, the roots will damage the culvert and possibly the water main.

This tree is down.

Stump has been removed.
